Town of Walpole, New Hampshire

TOWN MEETING, MARCH 15, 1986

Meeting opened at 10:30 a.m., at the Town Hall with John A. Hubbard, Moderator Pro Tem, reading the warrant.

Article 1. Taken care of by ballot on March 11, 1986.

Article 2. To see if the Town will vote to raise and appropriate the sum of $672,374.00 for support of Town Poor, the Town Libraries, to build and repair bridges and highways, and for such other expenses as may accrue.
The budget was amended to read $669,374.00, because $3,000.00 of this was for the Bridge Memorial Library and was no longer needed.
$669,374.00 was raised and appropriated by a voice vote.

Article 3. To see if the Town will vote to authorize the Board of Selectmen to raise money on notes of the Town for current expenses in anticipation of taxes.
It was voted to do so.

Article 4. To see if the Town will vote to accept such funds and bequests as have been left to it during the year.
It was voted to do so.

Article 5. To see if the Town will vote to authorize the Board of Selectmen to transfer tax liens and convey property acquired by the Town by Tax Collector Deed, by public auction (or advertised bid), or such other manner as determined by the Board of Selectmen as justice may require.
Voted to do so.

Article 6. To see if the Town will vote to authorize the Board of Selectmen to apply for, accept, and expend monies from the State, Federal, or other governmental units, or a private source, which becomes available during the year in accordance with the provisions set forth in New Hampshire R.S.A.'S.
Voted to do so.

Article 7. To see if the Town will vote to raise and appropriate the sum of $180,000.00 for the purpose of constructing a Town Highway Garage, and to authorize the withdrawal of $165,000.00 for this purpose from the Highway Garage Capital Reserve Fund. Such facility to be sited on Town property located at the junction of Walpole Valley Road and Old Drewsville Road commonly known as the Four-Corners.
Vote in the affirmative.

Article 8. To see if the Town will vote to raise and appropriate the sum of $10,000.00 to repair and recondition the loader.
It was voted to repair and recondition the loader.

Article 9. To see if the Town will vote to raise and appropriate the sum of $14,000.00 for a new three-quarter ton pickup and to authorize the withdrawal of the amount required for this purpose from the Federal Revenue Sharing Fund.
It was voted to do so.

Article 10. To see if the Town will vote to raise and appropriate the sum of $7,000.00 to purchase a riding tractor with mower and snow thrower attachments, and an over-the-road utility trailer and to authorize the withdrawal of the amount required for this purpose from the Federal Revenue Sharing Fund.
Voted to purchase riding tractor with mower and snow thrower.

Article 11. To see if the Town will vote to raise and appropriate the sum of $15,000.00 to secure the services of a qualified engineering concern to examine the current condition of our present landfill, to report their findings to the Town, and to make recommendations as to the best course for the Town to follow to meet the requirements of state and federal laws.
Voted to do so.

Article 12. To see if the Town will vote to authorize the Selectmen to adopt regulations governing the operation of the Town Landfill, including but not limited to, hours of operation, fees for use, a permit system for residents, limiting access to the landfill to certain locations and subject to certain conditions, and further to continue the validity of landfill permits heretofore issued.
Voted to accept the Article as written.

Article 13. To see if the Town will vote to raise and appropriate the sum of $8,500.00 to improve the drainage and road conditions on Ford Avenue.
Voted to do so.

Article 14. To see if the Town will vote to discontinue the road which extends from Brewery Road so-called, to the area known as the Sabin Camp area.
Voted by ballot No 78 Yes 34

Article 15. To see if the Town will vote to discontinue the Alice Smith Road, so-called, which road currently bisects the property of Reverend Winthrop Nelson, and is located on the Westerly side of March Hill Road.
Voted by ballet No 86 Yes 46

Article 16. To see if the Town will vote to authorize the Selectmen to cost-share with landowners the expense of them hiring a professional forester to oversee timber harvests in their lands within the Town. Said cost-share amount shall be determined by the Selectmen and shall not exceed 10% of the actual timber yield tax revenue paid by the landowner to the Town, and further to see if the Town will vote to raise and appropriate the sum of $600.00 for this purpose.
Voted by a show of hands No 13 Yes 63

Article 17. To see if the Town will vote to raise and appropriate the sum of $20,000.00 for the purpose of constructing an addition to the Bridge Memorial Library. Requested by the Library Trustees.
Holmes Whitmore, Selectman announced that the Article was not necessary any longer, because the Hubbard Family had given this as a gift.
It was voted not to raise this $20,000.00.

Article 18. To see if the Town will vote to raise and appropriate the sum of $18,000.00 to secure services of Home Health Care and Community services for the year 1986 for the health and welfare of the people of the Town of Walpole. By petition.
It was voted to raise and appropriate the $18,000.00.

Article 19. To see if the Town will vote to raise and appropriate the sum of $1,596.00 to support the Southwest Solid Waste Management District.
Voted to raise the $1,596.00

Article 20. To see if the Voters will approve the establishment of an Historic District Commission of five members as provided under RSA 673: 1-2 and RSA 673:4. One member shall be a Selectman as required by law and one member shall be a member of the Planning Board as allowed by law, the remaining three members to be appointed by the Selectmen and the Chairman of the Planning Board following the guidelines in the above RSA's. Requested by the Planning Board.
Voted to do so by a show of hands.

Article 21. Shall we adopt the provisions of RSA 72:37 for the exemption for the blind from property tax? This statute provides that every inhabitant who is legally blind shall be exempt each year from the property tax on a residence to the value of $15,000.00. By petition.
Voted to do so.

Article 22. To see if the Town will vote to oppose the burial, storage, transportation and production of high level radioactive waste in the Town of Walpole and the State of New Hampshire; and to call upon Congress to conduct an independent investigation with full public participation into the feasibility and prudence of the US Department of Energy's (DOE) present plan to dispose of radioactive waste, and into the DOE's competence to carry out such a plan. By petition.
An amendment was made to oppose only the burial and permanent storage in the Article. The amendment was passed, and the article passed as amended.

23. To transact any other business that may legally come before the meeting. Angelo Cetto made a motion and it was seconded as follows:
To see if the Town will vote to have the Moderator appoint a committee of five residents who would be charged to research the possibility of the Town of Walpole hiring a full-time Administrative Assistant, and to report their findings to a public hearing at least 45 days prior to the 1987 Annual Town Meeting.
This motion was voted in the affirmative.

William Houghton wished to go on record as recognizing Mr. & Mrs. Kenneth Burns and young daughter, of March Hill Road, Walpole. They will be on their way to California this next Wednesday for the Academy Awards presentations, for which they have a nomination for their documentary on "The Statue of Liberty".

No other business to transact, the meeting adjourned at 3:30 p.m.

WITNESS MY HAND AND SEAL OF THE TOWN OF WALPOLE, NEW HAMPSHIRE THIS 21ST DAY OF OCTOBER, 1986.

_____

	Thomas Murray	388

Town of Walpole, New Hampshire

TOWN WARRANT 1987

To the inhabitants of the Town of Walpole qualified to vote in Town affairs:

You are hereby notified to meet at the Town Hall in said Town on Tuesday, the 10th day of March next, at ten o'clock in the forenoon to act on Articles 1 through 4. Polls will remain open until 6:00 p.m. Following the counting of ballots, the meeting will be recessed until the 28th day of March next at 9:30 in the forenoon, at which time the balance of the Articles will be acted on.

Article 1: To choose the necessary Town officers for their respective terms.

Article 2: Are you in favor of the adoption of amendment number 1 as proposed by the Planning Board for the Walpole Zoning Ordinance as follows: To require site plan review by the Planning Board for the conversion of private residences, or other buildings, to so called "Bed and Breakfast" establishments and to require such establishments provide one parking space per rented room plus a space for owner parking. To be voted on by ballot.

Article 3: Are you in favor of the adoption of amendment number 2 as proposed by the Planning Board for the Walpole Zoning Ordinance as follows: To rezone from residential B to commercial an area bounded by High Street, North Main Street, a line 175 feet north of and parallel to High Street and a line 75 feet east of and parallel to North Main Street. To be voted on by ballot.

Article 4: Are you in favor of the adoption of amendment number 3 as proposed by the Planning Board for the Walpole Zoning Ordinance as follows: To increase the minimum lot size in the rural/agricultural district from 40,000 square feet to 3 acres and that the frontage required in the rural/agricultural district be increased from 200 feet to 300 feet with frontage defined as that part of the property facing on a class 5 or better public road and extending perpendicular to the road at least 100 feet for its entire length. To be voted on by ballot.

Article 5: To see if the Town will vote to raise and appropriate the sum of $750,278.00 for support of Town Poor, for Town Libraries, to build and repair bridges and highways, and for such other expenses as may accrue.

Article 6: To see if the Town will vote to authorize the Board of Selectmen to raise money on notes of the Town for current expenses in anticipation of taxes.

Article 7: To see if the Town will vote to accept such funds and and bequests as have been left to it during the year.

Article 8: To see if the Town will vote to authorize the Board of Selectmen to transfer tax liens and convey property acquired by the Town by Tax Collector Deed, by public auction (or Advertised Bid), or in such other manner as determined by the Board of Selectmen as justice may require.

Article 9: To see if the Town will vote to authorize the Board of Selectmen to apply for, accept and expend monies from the State, Federal or other governmental units, or a private source, which becomes available during the year in accordance with the provisions set forth in New Hampshire R.S.A.'s.

Article 10: To see if the Town will vote to raise and appropriate the sum of $95,000.00 to purchase a grader with a 12 foot wing, V type scarifier and front plow frame all to be hydraulically operated, and to withdraw the funds from the Highway Equipment Reserve Fund.

Article 11: To see if the Town will vote to raise and appropriate the sum of $35,000.00 to finance the preparation of phase two (2) of a Hydrogeologic investigation of the Walpole Sanitary Landfill in order to comply with State Regulations.

Article 12: To see if the Town will vote, by ballot, to make the office of Road Agent an elected office as opposed to an appointed office, commencing in 1988. By petition.

Article 13: To see if the Town will raise and appropriate the sum of $16,500.00 to repair the roof of the Town Hall.

Article 14: To see if the Town will vote to raise and appropriate the sum of $5,000.00 to secure the services of a qualified architect to recommend repairs that are needed to put the Town Hall in good condition and to also recommend changes that might be made in order to provide adequate space to efficiently carry out the administrative functions of the Town for the foreseeable future.

Article 15: To see if the Town will vote, by ballot, to instruct the Selectmen to hire a Town Administrator. By petition.

Article 16: To see if the Town will vote to raise and appropriate the sum of $3,650.00 to rebind a portion of the Town's vita records and to authorize the withdrawal of the amount required for this purpose from the Federal Revenue Sharing Fund.

Article 17: To see if the Town will vote to raise and appropriate the sum of $1,500.00 to help defray the expenses of the Old Home Days celebration to be held in the summer of 1987.

Article 18: To see if the Town will vote to raise and appropriate the sum of $23,000.00 to secure the service of Home Health Care and Community Services for the period of 1987 for the health and welfare of the people of the Town of Walpole. By petition.

Article 19: Shall we adopt the provisions of RSA 72:1-C which authorize any town or city to elect not to assess, levy and collect a resident tax? To be voted on by ballot.

Article 20: To see if the Town will vote to discontinue the Highway Garage Capital Reserve Fund.

Article 21: To see if the Town will authorize the establishment of a "General Cemetery Maintenance Trust Fund", such funds to be derived from the sale of various cemetery lots, the income only to be expended for General Cemetery Maintenance and care of lots and grounds.

Article 22: To see if the Town will authorize the Selectmen, together with the Chairman of the Planning Board, to appoint three (3) alternate members to the Historic District Commission as provided by RSA 673:6. Per request of the Commission.

Article 23: To see if the Town will vote to repeal the provision that site plan review shall only apply to non-residential and multi-family residential construction with a value of ten thousand dollars ($10,000.00) or more; said provision having been included in an amended motion to grant site plan review authority to the Planning Board at the 1982 annual Town Meeting. Per request of the Planning Board.

Article 24: To see if the Town will vote to require the Town Planning Board to post the results of its Board decisions in the same manner and places as it now posts the advance notices of its meetings. By petition.

Article 25: To see if the Town will vote to instruct the Town's representatives to the General Court to take all necessary measures to insure that no low level radioactive waste from the Seabrook nuclear plant shall be stored or disposed of within this Town of Walpole, N.H. unless and until the proposed site of the proposed storage or disposal has been approved by the voters of the Town at the annual Town Meeting by written ballot. By petition.

Article 26: To transact any other business that may legally come before the meeting.

Given under our hands and seal, this twenty-third day of February in the year of our Lord nineteen hundred and eighty seven.

Louis S. Ballam
Holmes H. Whitmore
Marie Giles

Selectmen of Walpole

STATE OF NEW HAMPSHIRE

DEPARTMENT OF REVENUE ADMINISTRATION

Your Summary Inventory of Property Valuation and Statement of Appropriations have been approved. You may proceed with the assessment of 1986 taxes on the basis of the following figures.

Net Assessed Valuation: $92,167,918.

Taxes Committed to Collector:	
Town Property Taxes Assessed	$1,896,816.
Precinct Taxes Assessed	166,075.
Total Gross Property Taxes	$2,062,891.
Less: Est. War Service Tax Credits	13,800.
Net Property Tax Committment*	$2,049,091.

Tax Rates:	
Town	$20.58
North Walpole Village Precinct	5.17
Walpole Fire Precinct	.88
Walpole Water Precinct	.62

* The amount of property tax commitment is subject to adjustment by reason of any increase or decrease in War Service Tax Credits which may result based on the above approved rate.

In the event any adjustment was made in the Appropriations Section, we have enclosed a copy of the changes. Revenues and Credits have been approved as shown on the enclosed copy of the third page of the Statement of Appropriation.

The net amounts approved for school, county and precincts are indicated below. These amounts are the total monies which should be transferred to each of these units of government.

Net Appropriations	
School	$1,645,036.
County	199,937.
North Walpole Village Precinct	90,591.
Walpole Fire Precinct	65,298.
Walpole Water Precinct	9,627.

In arriving at the above approved rate the Overlay has been set in the amount of $4,868.

The Walpole Sewer Project

This program has been split into three sections which will be undertaken in the following order:

First Phase - North Walpole

All engineering has been completed, the specifications prepared and the project will be put out for bids in March. If all goes well the award(s) should be made by June with construction commencing shortly thereafter. Hopefully this phase will be substantially complete by the end of 1987.

Cash position of the North Walpole program
as of December 31, 1986

Cash Receipts:		
Short Term Bank Loan at 4.85% due October 1, 1987		$100,000.00
Interest	$ 946.18	
Received from EPA	10,800.00	11,746.18
Total available		$111,746.18
Cash Payments:		
SEA Consultants	48,356.97	
State of Vermont	650.00	
Town of Walpole	5,591.23	
Keene Publications, Inc.	22.05	
Brattleboro Reformer	22.14	
Claremont Eagle	54.60	
Clerk of the Works	160.00	
Total Cash Payments		54,856.99
Cash Available December 31, 1986		$ 56,889.19

Second Phase

Upgrading of Bellows Falls Wastewater Treatment Facility

The wastewater from the Walpole Sewer Project will be pumped to and treated at the Bellows Falls, Vermont facility. While Walpole has no direct responsibility for the work to be performed to upgrade the treatment plant, it does have a financial obligation of some $2,000.000. The promised Federal funds of 75% have not yet been granted. We are on the 1987 priority list and now that the Clean Water Act has become law the funds should be allotted to us shortly. These funds would be transferred to Vermont and paid by them directly to Bellows Falls.

We understand that the engineering on this project is rapidly nearing completion and the specifications should be out for bids during the month of March. It is hoped that work on the project will start in June. If all goes well, it should take approximately a year and a half to complete the upgrade.

Third Phase

South End of the Town of Walpole

This phase is still up in the air. The only sure thing is that it will have to be completed as rapidly as possible. We are working with the state to formalize an agreement that will permit it to start, as soon as Phase I bids have been circulated, updating the engineering and preparing the specs so that bids for this phase would be ready to circulate as soon as the funds have been allocated.

The passage of the Clean Water Act into law improves our financial position immensely. While we have not yet actually been awarded the promised funds for the second stage of our program (Bellows Falls upgrade) we are on the scheduled list for 1987. There appears no reason why we should not get the funds when they are finally made available.

The money for the last phase (the south end of Walpole) has not as yet been firmly scheduled although we are on the 1988 list. It looks extremely hopeful that we will remain on the 1988 schedule when it is finalized.

TREASURER'S REPORT

Board of Selectmen
Town of Walpole
Walpole, New Hampshire

Gentlemen:

We submit herewith our annual reports of Town Funds in our custody as of December 31, 1986.

We employ the Indian Head Bank of Keene as our Investment Counselors. Their charge for service this year totalled $5,127.05 which amount has been charged directly to the respective Fund accounts.

Respectfully,
Francis E. Metcalf, Trustee
Robert L. Galloway, Trustee
James P. Johnson, Trustee

REPORT OF THE LIBRARY TRUSTEES - 1986

In 1986 the Trustees applied for a $20,000.00 Title II Construction Grant from the United States Department of Education for the addition of a reference room to the Bridge Memorial Library. This addition would provide room for the growing collection of reference books and computer, provide access to the library for the physically handicapped, and provide a separate children's room. Matching funds were needed to obtain the grant. Members of the Hubbard Family kindly donated the $20,000.00 needed to match this grant, and the Trustees thank the Hubbard Family for this generous contribution.

Several programs were offered at the Bridge Memorial Library. "Let's Talk About It", a reading and discussion group sponsored by the American Library Association was well attended.

"Arts in the Library", presented by the Grand Monadnock Arts Council, provided a program of music for everyone and free books to children attending the performance.

A story hour was held for children in kindergarten through third grade.

In October, the Friends of the Bridge Memorial Library held a Potluck Supper, with John Coleman providing an interesting talk called "Walking in Other's Shoes".

The Friends of the Bridge Memorial Library continued to sponsor the Preschool Story Hour, the Summer Reading Program, a performance of the Little Red Wagon, and the Great Books Discussion Group. The Friends also offered a course called "Writing and Speaking Effective English" this year. The Friends purchased audio book cassettes and books from the Library of America Series for the Bridge Memorial Library.

Because of increased circulation, the North Walpole Library has added an evening hour and is open Thursday evening from six to seven o'clock.

Two chairs and a rug were purchased for the North Walpole Library. The room is being redecorated and the new furniture will make the library a pleasant and comfortable place to visit.

A new brochure was printed this year and it contains the hours the libraries are open, materials and programs available, and other useful information about the libraries. This brochure is available at the Bridge Memorial Library.

Respectfully submitted,
Joan Horskin
Chairperson, Board of Trustees

PARK AND RECREATION

The Walpole Recreation Department had another successful year with not the best of weather for booming summer programs. The income reflected the weather in the daily fees.

The Park was the receiver of two generous gifts this year. James Smith donated to the Tennis Department a tennis ball machine. This will help all our up and coming tennis stars, young and old. Christopher Burr donated and erected a large wooden sculpture which serves as a fine focal point in the park. The Committee would like to thank both parties for their generous donations.

Receipts:

Pool Memberships	$3,315.00	
Swim Lessons	570.00	
Daily Fees	1,206.10	
Adult Tennis Lessons	175.00	
Child Basic Lessons	110.00	
Child Advanced Lessons	140.00	
Aerobics	390.50	
Aqua Dynamics	45.00	
Gym and Swim	55.00	
Pepsi Cola machine	1,456.29	
Donation - water fountain	1.26	
Petty Cash overage	5.45	
Total Receipts		$7,469.60
Minus Refunds		
Swim Lessons	$ 5.00	
Aerobics	60.00	
Child Advanced Tennis	140.00	
		$ 205.00
1986 Income		$7,264.60

Expenses for the pool and park area came to $16,906.98 which can be found in the general expenses of the Town in this report. Actual cost to the taxpayer for this area was $9,642.38.

Civil Defense Report for 1986

It is with deep regret that we report the passing of Alfred Wilson, the Town's Director of Civil Defense on November 25, 1986.

Mr. Wilson did a great deal to put this department into such shape that it was ready and able to function at any time the need might arise. He carried out several worthwhile projects during the year and attended several state meetings to become more familiar with his responsibilities and the procedures he was expected to follow It is not easy to find a capable replacement and his successor has not yet been selected.

In addition to his Civil Defense duties, he was Moderator of the Village of North Walpole and over the years had contributed much to the Village.

Mr. Wilson was active in the VFW serving as the Commander of the Local Chapter. These are just a few of the things he contributed to the Village, the Town and the surrounding area.

We extend our heartfelt sympathy to Mrs. Wilson and to all other members of the family.

Selectmen of Walpole

The harvesting and thinning in the Hooper Woodlands, fronting on the County Road, started in the Fall of 1985 by the Walpole Conservation Commission, was completed in October of 1986. $631.13 was received by the Town of Walpole, being the amount recovered after costs from sale of pulp and saw logs, including $276.00 received from USDA Soil Conservation Service for cost-share on this six acres which was approved for this practice.

Town Forest Planning

The timber evaluation and management plan, started in 1985, was completed on the Water Company lot, Hooper Reservoir Road woodlot, Reservoir lot, Mason forest, The Pinnacle, Trombley lot, and the Hooper Golf Club area woodland, comprising a total of 696 acres. The USDA Stabilization and Soil Conservation Office paid one-half the cost, and the other one-half was in the amount of $2,088.00, paid by the Town of Walpole. This study of most of the Town's forest land provides an inventory of the present stand and professional forester's recommendations for management during the coming years. We have also had the cooperation of the Extension Service of the University of New Hampshire. Professor Charles A. Bridges, Extension Specialist in Wildlife Management, has made a survey of the three larger areas and given his recommendations for management practices which will encourage food supplies and environmental conditions for deer, turkey, fox, non-game birds and, in fact, all wildlife.

The Town of Walpole is fortunate in having these relatively large areas of forest land which can be attractive to hikers and nature lovers, encourage wildlife and improve hunting, where appropriate, and produce income from the harvest of mature timber.

A copy of the study and full report for our Town Woodlands Planning is on file at the Selectmen's Office.

Harvest and Thinning of the Water Company Lot

A contract was let to harvest and thin in the Water Company lot along Reservoir Road in November and this work is continuing. The original contract was made with Mr. Ed Menter, E. M. Enterprises, of Gilsum. Due to the sudden death of Mr. Menter, a new contract has been completed and the work is continuing with Mr. John Hyslop of Westminster. In addition to the improvement work for this forest land, the Town will, we believe, receive cash payments from sale of pulp and timber in the amount of approximately $9,000.00.

Pure Water Supplies

Work continuing jointly with the New Hampshire Water Supply Board to identify wetlands which need protection and identifying potential pollution problems.

Chestnut Blight

Your Commission continues its work to try and find a way to prevent the Chestnut tree blight which has, over the past fifty to sixty years,

destroyed our lovely Chestnut trees which formerly were one of our most valued forest trees. Dr. Jack Elston, USDA Research, located at the Connecticut Agricultural Experiment Station, came to Walpole to review with us our work of the past eight years in our attempts to find a solution to this deadly blight.

Herman Sargent has pioneered the efforts in working to understand and check the blight, and through him we now have about thirty growing trees, some of which are now producing nuts. We are using a hypovirulent blight virus which we received from the USDA researchers, and have some encouraging results. This work will continue.

Volunteer Work

Some of the students of the Walpole School have, with the leadership of their teachers, made some improvements to the Walpole Ravine Trail, a service which is much appreciated. The woodland trail in the Ravine and the Mill Pond Trail continue to attract many of our Townspeople.

Respectfully submitted,
Alan Perkins
Alfred Bertin
James Johnson
Frank McGill, Secretary
Leslie Hubbard, Chairman

TOWN OF WALPOLE, NEW HAMPSHIRE

POLICE DEPARTMENT

This past year of 1986, we have responded to four hundred and sixty-two calls. These calls taking care of Burglar Alarms, Domestic Disputes, Suspicious Vehicles and Persons, Vandalism OHRV Complaints, Animal Complaints, Fire Assist Calls, Traffic Accidents, Ambulance Assist Calls and Motorist Assist Calls.

This past year department personnel have gone through extensive Weapons Training and Radar Certification School. We have replaced the cruiser light-bar, as some people have found out. Our visibility on the streets has increased considerably.

This year we hope to continue to upgrade the service to the community. We intend to hire and train at least one more officer, with emphasis on daytime patrol. We have been through two classes already this year, one being a Shoot-Don't-Shoot class and Two Man Building Searches. These two very fine classes were set up and conducted by the Chesterfield Police Department.

We have introduced the Home Security Check for people going on vacation or just going away for the weekend. Forms for Home Security Checks may be obtained at the Selectmen's Office or from the Walpole Police Officer.

At this time, the largest complaint being received is the speed of vehicles on our village streets. When I say village streets, I'm including North Walpole and Drewsville. We will be trying to solve this problem by high visibility and the use of Radar in any area that needs to have vehicles speed slowed.

My appreciation to the people of Walpole, and especially the Fire and Ambulance Departments, for their assistance and cooperation.

Respectfully submitted,
Roger W. Clark
Acting Chief of Police

Zoning Board of Adjustment

The Zoning Board of Adjustment is a five member board with two alternates. The members are appointed by the selectmen and serve without pay. The Board considers proposed deviations from the zoning ordinance through exceptions and variances under conditions set by state statute. They also perform other duties as prescribed in the zoning ordinance. They develop and regulate the excavation of gravel and other earth material through a permit system.

All regular members attended a study session on duties of zoning board members sponsored by the New Hampshire Municipal Association and the Southwest Regional Planning Association.

We wish to thank Ernest Vose for his five years of dedicated service on the Board. Following his resignation, John Neary was appointed a regular member. We welcomed alternates Chip O'Brien and Edwin Ahlefeld.

The Board holds regular meetings the third Wednesday of each month at 7:30 in the Town Hall. All meetings are open to the public. We strive to assist any individual having questions or problems regarding zoning deviations.

Respectfully submitted,
G. Allen Holmes, Chairman

REPORT OF THE
WALPOLE RECREATIONAL AREA DEVELOPMENT COMMITTEE

The final report of expenditures for the F.W. Whitcomb Recreational Park by the Walpole Recreational Area Developmental Committee is summarized below:

Year:	Project Expenditures	
1981	$ 1,000.00	
1982	14,827.20	
1983	250,637.92	
1984	21,839.25	
1985	4,108.65	
1986	5,169.47	
Total Expenditures		$297,582.49
In-Kind Contributions by:		
F.W. Whitcomb Const. Co.		93,734.00
Land Contributions by:		
Hubbard Farms, Inc.		36,000.00
PROJECT TOTAL		$427,316.49

We successfully completed the tennis shelter and landscaping at the tennis court last summer.

The Committee would like to express its gratitude to all of the Selectpersons who have supported the Park project since its inception in 1981.

The Committee wishes to express its gratitude to Kenneth Fredette and to the late Albert Fletcher for their vision and dedicated efforts as active members of the original Walpole Swimming Pool Committee to build a public pool in Walpole. The funds raised by this Committee were used to help build our present facility.

It is also appropriate that the Committee take this opportunity to thank John Hubbard and David Legasse for their vital role as Co-chairmen of the Park's Fund Raising Committee. We also want to thank Joan Beer who performed admirably as the Committee's Treasurer.

We would also like to again thank all of those who supported the Park Project with their generous contributions without which the project could not have been completed without the use of local tax dollars.

We also want to thank the Federal Land and Water Conservation Fund Program for their support of a significant part of the project including the swimming pool with their matching funds program.

We believe the Town of Walpole now has an excellent recreational facility and hope that the entire Park will continue to be properly managed and maintained in the years ahead for the benefit of all who wish to use it.

Sincerely yours,

The Walpole Recreational Area Development Committee

James H. Smith, Chairman

WALPOLE SENIOR CITIZENS

President -- Esther Jameson
Vice President -- Natalie Nelson
Secretary -- Irene McDermott
Treasurer -- Roy Carlsen

The Walpole Seniors Citizens meet at the Congregational Church Fellowship Hall on the 3rd Monday of each month. A potluck dinner is put on by different committees. A business meeting is held and an entertainment program follows. We average from 40 to 50 attendees each month.

Our Entertainment Committee provided different and delightful programs. We went by bus to the Coachlite Dinner Theater in Windsor Locks, Connecticut in May. After a delicious buffet dinner, we enjoyed Camelot. Each group was introduced and applauded. In June a busload went to Salem, New Hampshire to the Rockingham Racetrack. We had lunch in the Club House and some bet on every race. Some won and some lost. We had lots of fun talking about it on the way home, with a stop at Idlenot in Peterboro where good service fed about 50 people they didn't expect. In August, we traveled to Boston and had a lobster dinner on board the "Spirit of Boston" and a harbor cruise. In October we took a 3 hour trip and dinner on the Mt. Washington on Lake Winnipesaukee. Our singing isn't the greatest, but we can make joyful noise on the way home, which some people can even sleep through.

Our Christmas party was held at the church with a catered dinner that was excellent. This was followed by an exchange of gifts and carol singing.

Pirate Bingo was played at Applewood each month. Also, bowling is enjoyed every friday morning at Yankee Lanes in Keene. Anyone wishing to go should call 756-3372 on the night before. We leave at 8:30 a.m. and we have lunch at different restaurants. Residents fifty or over are urged to come and have a good time. There is no charge to join. We have a small collection for entertainment.

HOOPER INSTITUTE
1986 - Report

The major focus of Hooper Institute activities during 1986 were its educational programs. These reached the children of Walpole through school and community programs.

The Farm and Forest Museum at the Hooper Institute had 240 visitors in its first year of operations. These twelve classes of school children came from Walpole and surrounding towns. They used many of the old farm tools. They threshed and winnowed wheat grown in the community gardens. They ground wheat into flour which they carried back to their classrooms for baking projects.

The Hooper grounds flourished with community gardens and a small crop of fruit from the orchard planted eight years ago. The Boy Scouts cooperated with the Hooper Institute to help market our first sale of Christmas trees.

The School Program continues to be the most efficient way to bring programs to the children of Walpole. Over 300 students received consistent and effective environmental education programs on a weekly basis.

During the winter months many children tried snowshoes. We looked for tracks and other signs of animals on winter excursions. One class trekked to the Hooper Shelter for a winter survival cookout. Classrooms of older children studied astronomy and hazardous waste issues.

For the fifth year the Hooper Institute sponsored a Farm and Forest Project throughout the winter and spring. Fourth graders learned about agricultural lifelihoods by visiting a sheep farm, sugarhouse, sawmill, greenhouse, produce farm, beekeeper, chicken farm and a dairy. They also learned how to spin wool. At year's end, the youngsters narrated a slide show for parents which described their experiences.

Spring brought lessons about seeds and gardening. Transplants beautified the Walpole Primary School. A unit on soils and erosion occupied upper grades. Sixth and seventh graders studied the human and natural history of the Connecticut River in preparation for their two day canoe trip on the River. Water quality testing was a new feature of the trip.

Summer brought a Junior Naturalist program for 6-9 year olds. We explored the fields, forest and pondlife surrounding the Institute.

Fall School programs were aided by the help of Fritze Till. She conducted programs for the Primary Grades on native plants and animals. She also led outdoor field trips to the Hooper Shelter, and the Mill Pond, as well as the school yard.

The Middle School was busy this Fall with a hawkwatching unit, fall nature walks, map and compass skills and a lengthy unit on trees and leaves. Assorted lessons included animals preparing for winter, owls, several oceanography lessons, and evergreens and conifers in time for Christmas.

An afterschool club met weekly during the school year. We explored diferent locals of Walpole on foot, snowshoe and sleds. Paul Moses has been a volunteer assistant on these excursions.

Thanks to all who helped the Hooper Institute have a fine year.

Respectfully submitted,
Eloise P. Clark
Director

REPORT OF
THE ADMINISTRATIVE ASSISTANT STUDY COMMITTEE

At the 1986 Town Meeting, Walpole voters approved a motion from the floor calling on the Moderator to appoint a committee of five residents to research the possibility of the Town hiring a full-time Administrative Assistant. The motion also contained a provision that this committee report its findings and recommendations to a public hearing at least 45 days prior to the 1987 Annual Town Meeting.

As a result of this motion's adoption, Town Moderator, Dr. I. Tucker Burr appointed the undersigned as committee members. The committee met on three separate occasions, in addition to the public hearing, and members spent considerable time researching various aspects of the issues on their own time between meetings. The following is a summary of the committee's findings.

At its initial meeting the committee discussed the two most commonly used forms of full-time municipal administrator; the Town Manager and the Administrative Assistant to the Selectmen. The primary difference between these two systems is that the duties and responsibilities of a Town Manager are specifically spelled out in State Law. These duties and responsibilities are mandatory and include:

- Acting as the administrative head of all Town Departments
- The power to hire and fire Town employees
- Administration of the Town Welfare System
- Generally acting as the chief administrative officer for virtually all Town affairs

On the other hand, an Administrative Assistant's duties and authority are delegated solely by the Selectmen and these duties can vary widely from town to town depending on the particular needs of the community and its Selectmen.

Based on this initial discussion the committee determined that the Town Manager form of government is probably not appropriate in Walpole at the present time and all subsequent discussions centered on the need for and desirability of hiring an Administrative Assistant to the Selectmen. Among the key issues identified by the committee in studying the possibility of hiring an Administrative Assistant were the following:

1. The Walpole Selectmen, like those in all New Hampshire towns, face an ever increasing workload in managing the Town's affairs. New growth and development often create new problems to solve. Additionally, both State and Federal governments are continually issuing new orders and regulations with which municipal officials must comply. Simply put, the business of running the Town is rapidly becoming a full-time job and it is becoming an almost absolute necessity that at least one Selectman be retired or otherwise independent of regular full-time employment.

2. Walpole has been very fortunate to have Selectmen who are willing and able to devote the ever increasing amount of time and effort required to properly manage the Town's affairs. However, the Town may not always be so lucky. The increasing workload, minimal salary, and the difficult problems with which the Selectmen must deal, may make the job less and less attractive to qualified candidates in the future.

3. The committee has become aware of what appears to be an

increasing sentiment in North Walpole that its Village District be dissolved. This would undoubtedly increase the workload of the Selectmen even further in that they would be forced to take on most, if not all, of the responsibilities currently shouldered by North Walpole's three Village Commissioners.

4. The Selectmen themselves have made the committee aware of a need which they currently feel is far more pressing than additional personnel; that being the need for additional space in which to conduct the Town's affairs and store essential records and files. The Selectmen have told the committee that even if additional personnel were available, they would be hard pressed to find the space in which new help could work effectively. A separate committee has been formed by the Selectmen to study how this need for additional space can best be met. In short, however, it is felt that the Town now has barely enough office space to meet present, let alone, future needs.

Findings and Recommendations

Based on its discussions and research the committee unanimously agreed that in the not-too-distant future it will be necessary for the Town to hire additional administrative help to properly manage Town business.

However it was also agreed (with somewhat more mixed opinions) that it must be the Selectmen themselves who decide when, how, and by whom this need can best be met. Only the Selectmen themselves have a full understanding of what it takes to make Walpole's Town government run.

It would be presumptuous at best for a committee with little experience in the day-to-day business of managing Town government to dictate the Selectmen's personnel needs to them. Furthermore, it would be ill-advised for the Town to require the hiring of additional personnel until such time as the Selectmen deem it necessary, have a fairly clear idea as to what type of additional help is needed, and how to best incorporate that need into the Town's governmental system.

It would appear that the hiring of a full-time Administrative Assistant to the Selectmen, with formal training and/or experience in municipal government would be one of the most efficient means of providing the level of professional management which the Town will no doubt need in the future. However the committee is not prepared to formally recommend such action until such time as the Selectmen themselves have clearly identified the need to do so.

At that time we would wholeheartedly support their decision.

Respectfully submitted,

David M. Edkins, Chairman
Angelo Cetto
Edward Reardon
George H. Watkins
Holmes H. Whitmore

SPACE STUDY COMMITTEE

At your request, we have conducted a small study of the office needs for the Town of Walpole. We quickly learned that the need for improved working conditions for the town officers is generally recognized, but the solution of the problem is difficult.

The town hall has been remodeled about ten times in the last 18 or 20 years. Each renovation resolved an immediate problem. Currently the building is in need of structural repair to the west wall, and the heating system is obsolete and inefficient. We believe the town should consider a major renovation to help preserve the building and to provide office space for the town in the future.

It is the opinion of the committee that the town has reached a point in its growth where town functions and record storage in private homes is no longer appropriate. We believe town officers and employees should work in the town hall. The fragmentation and separation of the various functions that exists makes supervision by the selectmen very difficult.

Troy has their offices on the first floor of their two-story town hall. Offices and a meeting room occupy slightly over 2,000 square feet of floor area. Charlestown has 4,456 square feet of floor area for offices and two meeting rooms. Charlestown also has storage in their old town hall.

We believe Walpole should plan on approximately 5,000 square feet of floor space. If we are to continue to use our town hall for town functions, the rest rooms should be remodeled to be more convenient and to meet the needs of the handicapped.

At the present time many of our documents would be destroyed in the event of a fire. The town should consider a study of its record storage needs. To reduce the size and expense of storage needs, we should have our records microfilmed and stored in a fireproof manner.

In our discussions we talked about providing office space through these four options:

1. Remodel the lower town hall. The lower hall would provide office space and a meeting room, but we would lose the hall for large private functions and town meetings.
2. Remodel the second floor of the town hall for office space. The space is there, and it is not presently being used. There is adequate space, but an elevator would be required to meet the needs of the handicapped.
3. Buy a building, perhaps the Westminster Street fire station if the district were to construct a new station. This would mean additional expense because we will certainly continue to need the town hall.
4. Build a new town office building, perhaps on the site of the old highway garage. A new building would give us the exact facilities that we need. Again, the additional building would be an expense in addition to the town hall.

Space Study Committee (cont.)

We believe the least expensive and the best solution is to establish the town offices and record storage in a remodeled first floor in the town hall. We recognize this solution would affect the use of the lower town hall for town meetings and large gatherings. Large gatherings could use the upper hall, and town meetings at the school would resolve the issue. The kitchen facility should be preserved, but the stage would be removed.

The next step seems to be an analysis of total space requirements and securing funds to have an architect devlop a plan and establish the costs for the remodeling.

Space Study Committee
James Hogan
Theodore Capron
Frederick Szmit

THE WALPOLE LANDFILL

The waste management laws of New Hampshire now require that refuse disposal facilities be operated to protect the atmosphere, the ground water, and any nearby surface waters. The Office of Waste Management has established strict regulations for construction and operation of any such facility. The Walpole landfill is not now in compliance with these new regulations.

The law requires that all municipalities join a solid waste management district for the purpose of studying this problem. Since 1983, Walpole has belonged to the Southwest Solid Waste Management District composed of most of the towns in Cheshire County. This 149-M district has commissioned a cost and feasibility study of all practical alternatives from a disinterested firm of sanitary engineers. In addition, Walpole on its own has commissioned an engineering study of the town landfill, hoping to extend its life, and also to study closing procedures when that time arrives. For Walpole, the most important conclusions of these studies are:

1. The cost of upgrading the landfill, or constructing a new landfill to comply with the law would be prohibitive.
2. The cost of erecting and operating an incinerator meeting present standards would be prohibitive.
3. The best long-term alternative will probably be a regional facility, operated commercially or in cooperation with other towns.
4. Our waste disposal costs will increase, probably by a factor of at least six.

Walpole is one of the few towns in the area not yet affiliated with a regional facility. The time is getting closer when we will have to decide which course to follow.

Walpole can reduce costs by the recycling of salable scrap. The Town is now segregating clean scrap metals at the landfill, and is working on ways to recover glass and paper. Cooperation is requested. Signs are being posted at the landfill to direct segregation of recoverable wastes.

A detailed report on our waste management problems and options has been prepared by Walpole's representatives to the 149-M district. A copy may be obtained at the Selectmen's Office.

Respectfully submitted,

William Beer, Director
Solid Waste Management

WALPOLE WATER AND SEWER DEPARTMENTS

We have had a very quiet year in both the Water and Sewer Departments. There have been only minor repairs in most cases. The 50 H.P. River Pump motor burned out recently. There was no water problem during the week it was being repaired.

The Department and Selectmen have decided to update the cellar shutoffs and water meters. That is a project for 1987.

Every home and business will be inspected by someone in the department, to update the records.

After analyzing the results of the survey, steps will be taken to put the water system into good operating condition. At the present time, there are so many different conditions and problems that it is practically impossible to operate the department efficiently.

There is an update of the Walpole Sewer Program which follows these comments.

Sincerely,

William E. Houghton
Superintendent
Walpole Water and Sewer Depts.

WALPOLE FIRE DISTRICT

WARRANT

To the inhabitants of the Walpole Fire District qualified to vote: You are hereby notified to meet at the Town Hall in Walpole, N.H., Thursday, March 19, 1987 at 8:00 o'clock in the evening to act on the following articles:

Article 1:
To choose a Moderator for the ensuing year.

Article 2:
To choose a Clerk, Treasurer, and two Auditors for a term of one year; and also one Commissioner for a term of three years.

Article 3:
To hear the report of the Chief, the Commissioners, and any others having reports to make.

Article 4:
To hear the report of the Treasurer, and see what amounts the District will raise and appropriate for maintaining the Fire Department for the ensuing year.

Article 5:
To see if the District will vote to authorize its Commissioners to raise money on notes of the District for current expenses in anticipation of taxes.

Article 6:
To see if the District will vote to raise and appropriate the sum of $20,000 to be held in Capital Reserve for equipment replacement.

Article 7:
To see if the District will vote to raise and appropriate the sum of $10,000 to purchase Preliminary Engineering and Architectural Design work for the purposed new fire station.

Article 8:
To see if the District will vote to raise and appropriate $1,500 to pay the salary for a secretary, and treasurer for the district.

Article 9:
To see if the District will vote to authorize its Commissioners to withdraw from the Capital Reserve Fund a sum not to exceed $70,000 for the purchase of a new rescue truck.

Article 10:
To transact any other business that may legally come before the meeting.

Roger B. Santaw
Robert Barrett
Thomas Woodward
Commissioners.
Walpole Fire District
A True Copy Attest

REPORT OF THE FIRE CHIEF

We answered 69 calls this year. 8 chimney calls this year. 8 chimney fires, 2 structure fires, 17 rescue and auto accidents, 7 auto fires, 5 electrical, 3 alarm investigations, 2 misc., and 24 mutual aid calls. We received mutual aid 3 times.

We had men participate in training at Meadowood, Windham County in Dummerston and Homgas Corporation put on a training session at their plant with our members participating. We had Robert Murray, a nationally recognized instructor on auto extrication, give a class at the new fire station site with 15 personnel attending a full weekend course. Chip Faxon also provided us with a house to burn and we received some valuable live fire training from this exercise. Captain Harry Boynton is putting on a basic firemanship course for the newer members.

I have sat in on both the fire station and rescue truck committee meetings. The fire station committee has moved along well with no funds and getting voluntary information has proved a tough task. They seem to have enough information on square footage to start planning monetary figures for the budget this coming year. They have put many hours into this subject and the department thanks them.

The rescue truck committee has also progressed to the point that it is waiting for quotes to return from the truck manufacturers. I hope the voters go for a new rescue truck because the present one is heavily overloaded and I believe this vehicle may become a safety issue in the near future.

The fire alarm has been replaced and is in working condition with a slight adjustment still needed.

The cooperation between the emergency services in Walpole is excellent. At this time I would like to thank my officers and members for all the time and help they have given the fire department and for the hours of dedication for training and responding to fires.

Respectfully submitted
Richard Hurlburt, Chief

REPORT OF
THE WALPOLE FIRE DISTRICT COMMISSIONERS

The commissioners encourage your attendance at the Annual District Meeting which will be held on March 19, 1987 at 8:00 P.M. at the Walpole Town Hall. We welcome your questions and suggestions. We have had a very good year, and would like at this time to thank the committees for their time and expertise.

We have a truck committee which has spent long hours checking with different manufacturers, as to the type, size, etc. that would best fit our needs, as a replacement for the Rescue M-4 and Van M-6. A full report will be given at our annual meeting.

We also have a new fire station planning committee. This committee has been appointed to plan a new fire station facility to be located on the district property between R.N. Johnson's small machines and Hicks' machine. This planning program includes, but is not to be limited to the following factors:

1. The new facility, its size and type of construction giving consideration to the needs of the occupants, the possibility of future expansion, and its impact on the neighborhood.

2. Disposition of the old station to defray the cost:

   A - Resolve the question of the frontage, purchase it or secure a permanent right of way that can be transferred.
   B - Transfer the building to the town for office space, how would this be accomplished.
   C - Value of property in each case.

3. Financing the project:

   A - Cost of the new station.
   B - Bonding, how many years will it take.
   C - Federal funds, availability, strings attached, is it a realistic option.

4. Based on the above factors, versus the future need, what is a realistic target date.

This committee has done a substantial amount of work on the above, but were unable to bring in a complete report at this time. The main reason at this point being, they need money to cover the cost as to Architects, Surveyors, etc. Hopefully we can get your approval on Article 7, so as to have a complete report for you in 1988.

The Firemen and Ambulance Corps are working together on getting numbers to each home, to get the numbering system 100% operational, at the present it is 50% completed. What is completed is working well. We must understand the numbering system is an ongoing project, because of new construction and change in residents.

The Fire Chief has been very eager in recruiting and giving proper training to new members.

We thank the members of the Fire Department and District Officers for their cooperation and dedication throughout the year.

Respectfully submitted,
Roger Santaw
Robert Barrett
Thomas Woodward
Walpole Fire District Commissioners

BUDGET OF THE WALPOLE FIRE DISTRICT

Operating Expenses	1986 Annual Budget	1986 Actual Expense	1987 Budget
Power & Light	$ 1,000.00	$ 808.45	$ 1,200.00

DEPARTMENT OF RESOURCES AND ECONOMIC DEVELOPMENT
Division of Forests and Lands
105 Loudon Rd., Prescott Park, P.O. Box 856, Concord, NH 03301
John E. Sargent, Director Tel. 271-2214

REPORT OF TOWN FOREST FIRE WARDEN AND STATE FOREST RANGER

Between July 1985 and June 1986, we experienced fewer fires than normal. The two leading causes of forest fires were again children and fires kindled without written permission of a Forest Fire Warden. Both causes are preventable, but only with YOUR help.

Please help our town and state forest fire officials with forest fire prevention. Contact your Forest Fire Warden for more information.

Enforcement of a state timber harvest regulation is the responsibility of State Forestry officials. Our state has excellent timber harvest regulations; however, your assistance is needed.

If you own forest land, you became responsible for the timber tax payment starting April 1, 1986. This is a change in the Timber Tax Law that will impact all forest landowners. Contact your Board of Selectmen for timber tax forms.

FOREST FIRE STATISTICS - 1986

Number Fires Statewide	840
Acres Burned Statewide	751
Cost of Suppression	$275,956

In our fire district, there were 35 acres burned, including 2 burns with less than one-half acre burned in our town.

You need a permit to burn except when the ground is covered with snow. However, please call the Warden and tell him of your plans to burn.

Permits will not be issued between 9:00 a.m. and 5:00 p.m. except on rainy days.

I want to thank all the people in the Town of Walpole for their excellent cooperation in calling and obtaining permits and using good judgment in burning.

Thomas Greene has moved to Keene and after town meeting two deputies will be appointed in North Walpole.

The Deputy Wardens in Walpole are Richard Hurlburt, Chief; George Hurlburt, Assistant Chief; Bernard Sherwin and Raymond Houghton.

William E. Houghton
Fire Warden of Walpole
